

Technical Bulletin – No 1- October 2002

Product : 52" UCS826RI, 52"UCS930RI, 52"UCS1100RI

Old specification : Cut size: 1070*790 mm

New specification : ***Cut size: 1035*780 mm***

All other specifications are unchanged.

Product : All dnp ViewFlex™ models

Old Specification : Aperture dimensions in the brochure are wrong – they are listed as the physical maximum frame dimensions at the “Flush mount” situation.

New specification : ***Aperture is the dimension of the hole you need to cut in the wall in order to fit in the dnp ViewFlex™ frame in at the “Standard mount” situation.***

Technical Bulletin – No 1- October 2002

Below listed dnp ViewFlex™ aperture dimensions are the dnp recommended wall-hole-cut dimensions to be used for the “Standard mount” situation:

ViewFlex™ configuration:	Aperture width-mm	Aperture height-mm
2 x 67” – Standard mount	2953 ± 2	1251 ± 2
2 x 84” – Standard mount	3644 ± 2	1510 ± 2
2 x 100” – Standard mount	4294 ± 2	1754 ± 2
2 x 120” – Standard mount	5106,8 ± 2	2058,8 ± 2
3 x 67” – Standard mount	4314,3 ± 2	1251 ± 2
3 x 84” – Standard mount	5351,2 ± 2	1510 ± 2
3 x 100” – Standard mount	6326,6 ± 2	1754 ± 2
3 x 120” – Standard mount	7545,8 ± 2	2058,8 ± 2

All other specifications are unchanged.
